Enter AGU Student Contest to Win Free Fall Meeting Registration

AGU is excited to announce its first Student Video and Student T-shirt Design competitions. This is an opportunity for students who are interested in both the science and the art of communicating their research to the public to showcase the scientific message in an engaging and innovative way. This year’s winning entries will be posted on AGU’s Facebook page, and winners will be chosen by AGU’s Facebook community.

About AGU

AGU has significantly accelerated both the review and production processes for the Journal of Geophysical Research-Atmospheres (JGR-Atmospheres). Via a number of mechanisms (e.g., shortening the time allotted for review, selecting manuscripts with a high potential for impact, and increasing the number of reviewers for each manuscript), AGU has made important changes to the timeliness of the publication processes. JGR-Atmospheres editors thank all authors and reviewers for their patience and contributions as they have worked to improve both the quality and the timeliness of publication.
